# Introduction

Embarking on our journey in June 2022, we initially crafted top-notch tracing worksheets for pre-schoolers. However, fueled by an unwavering dedication to quality and creativity, our evolution has led us to broaden our offerings. Eventually, we started designing proper books for little learners, marking a significant milestone in our commitment to early childhood education.

Presenting a diverse collection of pre-K and kindergarten books, our repertoire now spans beyond traditional tracing. Alongside academics, we have seamlessly incorporated engaging activities such as challenging problem-solving exercises, educational mazes, captivating shadow matching activities, cut and paste projects, and many more. These activities are thoughtfully added to make learning not just educational but also enjoyable and fun for young minds.

Our mission remains steadfast: to continually produce exceptional educational content for early learners, aspiring to make a positive and far-reaching impact on education globally. At the core of our mission is a commitment to delivering high-quality, innovative, and minimalist educational materials. We aim to inspire and engage young minds, fostering a love for learning that transcends borders.

For an in-depth exploration of our extensive range of books, enriched with both academics and these fun and educational activities, and to witness the transformative power of education, we invite you to visit our website at [www.digcrafts.com](http://www.digcrafts.com). Discover a world of learning and discovery within the pages of our thoughtfully designed materials, aimed at nurturing young minds and instilling a lifelong passion for education.

# Preface

Welcome to "Pre-K ABCs of Islamic Values and Practices," a heartwarming journey designed to introduce our youngest minds to the beauty of Islamic values. This book is crafted with love and care to provide a gentle and engaging exploration of fundamental principles that shape our lives as Muslims.

As we embark on this educational adventure, each page unfolds a letter of the alphabet paired with an essential Islamic value or practice. From A for Allah's Mercy to Z for Zakat (charity), these building blocks aim to instill not only an early understanding of Islamic teachings but also a foundation of empathy, kindness, and compassion.

Through minimalistic illustrations, simple language, and relatable examples, we hope to make learning about Islamic values a delightful and memorable experience for our little ones.

May the seeds of knowledge planted in these early years blossom into a lifelong connection with the principles that guide us on the path of Islam.
